

請造訪 LITEPOINT 在
**MOBILE WORLD
CONGRESS**

Come Meet LitePoint

LitePoint participates in several industry events and engagements throughout the year. These are great opportunities for us to connect in person to find the right solutions for your needs and for you to experience LitePoint products firsthand. Be sure to check this page periodically as it will be updated with new appearances and information as available.

Mobile World Congress 2017

February 27-March 2, 2017 | Barcelona, Spain | Hall 6, Meeting Room 6O11MR

Check out LitePoint's latest innovations at Mobile World Congress. In the LitePoint Demo Lounge, we'll be showcasing our newest solutions for testing and ensuring the performance of today's cutting-edge Wi-Fi, IoT and 5G products. Highlights include:

- The latest innovations for emerging 5G technologies
- IQxel-MW – Built for the next generation of 802.11ac and 802.11ax
- IQxel-M with Bluetooth Advanced – Simple, over-the-air measurements for any Bluetooth LE peripheral or beacon
- IQcell – LTE FDD/TDD signaling test coverage for mission-critical IoT applications

MOBILE[™]
WORLD CONGRESS
BARCELONA 27 FEB - 2 MAR 2017
