

ACE Solution Opens Vietnam Office, Establishing Local Presence to Serve Southeast Asia

Date: November 10, 2023

ACE Solution, a system integration expert specializing in wireless communication testing solutions, has expanded its footprint into the Southeast Asian market by establishing a branch office, ACECL, in Bac Ninh City, Hanoi, Vietnam. ACECL, in collaboration with local partner Revaya Technology Corporation, offers a comprehensive range of wireless communication IQ equipment sales, Test and measurement instrument leasing and sales, customized fixtures, isolation boxes, RF accessories, system integration, instrument inspection and maintenance, and software development to meet the Time to Market production testing needs of local customers.

The opening ceremony of ACE Solution's Vietnam office took place on November 9 in Hanoi, Vietnam. Distinguished guests at the event expressed their support and appreciation for the instrument equipment and testing integration services that ACE Solution in Vietnam provided. From Taiwan to China, and now to Vietnam, and throughout the expansion of production lines and testing development in Southeast Asia, ACE Solution has consistently stood alongside its customers.

Caption: Chairman David Tsai of Revaya Technology Corporation., Tony Hsu, COO of ACE Solution (fifth from the left), and Elvin Ren, Southeast Asia Regional Sales General Manager of LitePoint (fourth from the left), posing with honored guests.

LitePoint, an American company and ACE Solution's most important partner for over 20 years, expressed support for ACE Solution's establishment of the Vietnam office to serve wireless communication industry customers better. Elvin Ren, LitePoint's Taiwan and Southeast Asia Regional Sales General Manager attended the opening ceremony and conveyed his excitement about the close collaboration between LitePoint and ACE Solution. He emphasized that the current customers entering Vietnam require rapid support for equipment needs, and he looks forward to deeper cooperation and coordination between the two companies in servicing customers in Vietnam.

Chairman David Tsai of Revaya Technology Corporation, ACE Solution's crucial partner in establishing the Vietnam office, attended the opening ceremony and expressed his excitement. He stated that Revaya Technology and ACE Solution have a long history of cooperation in system integration. This collaboration allows them to formally work together in Vietnam, supporting each other and providing customers with more comprehensive solution services.

During the opening ceremony, Tony Hsu, COO of ACE Solution, emphasized that the goal of establishing localized services is to provide customers with rapid, effective, and precise Turn Key testing integration solutions. Jackson Hsu, Sales Director, thanked the distinguished guests for their attendance. He highlighted that expanding localized services aims to provide quick service for equipment scheduling and testing needs to Taiwanese and Chinese manufacturers with facilities in Vietnam, offering various types of R&D and production instrument requirements for customers.
